16.	Mobile App (Android / iOS)	p.20

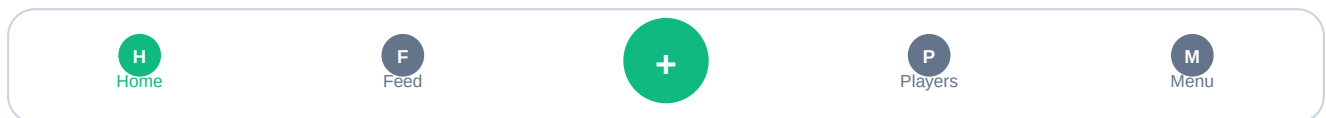

IISc Shuttlers is the official badminton community platform for the Indian Institute of Science, Bangalore. It lets members log matches, track ELO ratings, discover opponents, follow tournaments, and stay connected with the club — on both web and native Android/iOS apps.

How to Join

1. Open the app or visit the website and tap **Sign In** in the top-right corner.
2. Create an account with your email address or sign in with Google.
3. You will be prompted to **complete your profile** — add your name, department, playing level, photo, and equipment details.
4. Once approved by an admin, your profile is live and you can start logging matches.

Navigation Bar

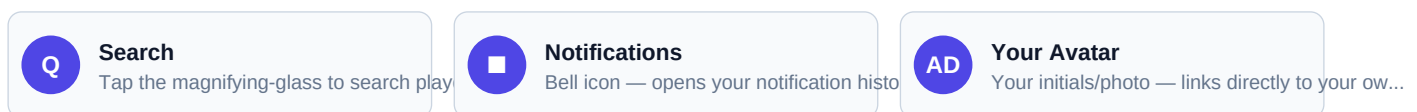

The bottom navigation bar is always visible on mobile and gives you instant access to the five main areas:

Icon	Label	What it does
	Home	Landing page with hero stats, quick links, and club overview
	Feed	Activity feed — match results, announcements, challenges, umpire mode
	Log Match	Green floating button — opens the Log Match modal instantly
	Players	Browse the player directory, rankings, H2H stats, and your network
	Menu	Access Gallery, Hall of Fame, About, Events, and account settings

Top Navigation Bar

The header bar contains three elements:

The Home page is the public landing page for IISc Shuttlers. Even visitors who are not logged in can see the club's highlights.

Home Page — Hero Section

- W** "Where Champions Are Forged" — full-screen hero with club photo
- E** Explore Events button → jumps to the Events listing
- M** Meet the Players button → navigates to /players
- S** Stats strip: 360+ Members · 20+ Tournaments · 10+ IISM Trophies

● What you'll find below the hero

Section	Content
Latest Matches	Recent match results with scores and ELO changes
Featured Players	Top-ranked players with quick-link profile cards
Upcoming Events	Next tournament or club event with registration CTA
Club Gallery Preview	Thumbnail grid linking to the full Gallery page
Download App CTA	Link to Android APK / Play Store listing

The Feed is the heartbeat of the platform — a real-time stream of match results, club announcements, personal match history, player challenges, and live umpire controls.

● Feed Tabs

Challenges

Send and receive match challenges. View the Cha...

Umpire

Live scoring interface — visible only to Umpire...

● Match Activity Tab — Features

This is the most visited section of the app. It contains several widgets arranged vertically:

LIVE BROADCASTS

Shows tournament matches being umpired in real-time. Cards display the current score, sets, and server. If no matches are live, a placeholder card appears.

COURT UTILIZATION

A horizontal bar chart showing when the courts are busiest — split into three periods: **Morning** (5 AM–12 PM), **Afternoon** (12–5 PM), and **Evening** (5 PM–midnight). Useful for planning your sessions.

COMMUNITY POLLS

Admins can post polls for the community. You can vote and see live results. Use the **+ Create Community Poll** button (admins only) to add one.

WEEKLY CLUB RECAP

A summary card published each week highlighting: **Most Active Player** (most matches), **Highest Climber** (biggest ELO gain), and **Biggest Upset** (underdog who beat a much higher-ranked opponent).

MATCH CARDS

Element	Description
Player Avatars	Both players/teams shown with avatar photos or initials
Score Display	Set-by-set score, e.g. '21–15, 18–21, 21–19'
ELO Change	Green +N for the winner, red -N for the loser

UPSET badge	Orange flame badge when an underdog (150+ ELO below) wins
Match of the Day	Gold star badge on the most significant match of the day
♥ Like / Kudos	Tap the heart to give kudos. Count shown next to icon.
Share	Share the match result via system share sheet
Scorecard	Expand to see the full set-by-set breakdown
Video Highlight	If a YouTube link was attached, a play button appears

● Feed Filters

Three buttons above the match list let you filter what you see:

**Global**
All confirmed matches across the entire platform

**Following**
Only matches by players you have followed

**Buddies**
Only matches involving players in your buddy network

TIP: Matches appear in the feed only after both players have confirmed the result. Pending matches waiting for confirmation appear only in 'My Matches'.

The Players page (■ icon in the bottom nav) is your hub for discovering other members, checking the leaderboard, comparing players head-to-head, and managing your social network.

Directory Tab — Search & Filter

Use the search box to find players by **name**, **nickname**, or **department**. Results update as you type (fuzzy match).

Sort Option	Orders by ...
By Name	Alphabetical A–Z
By ELO	Highest overall ELO first (default)
By Win %	Best win percentage first
By Department	Alphabetical department grouping
By Level	Playing level (Pro → Beginner)

Player Card — What Each Element Means

Every player card in the directory shows a compact profile. Here is a guide to each element:

Element	Meaning
Avatar photo / initials	Tapping the card opens the full player profile page
Green pulsing dot	Player is currently 'Looking to Play' or 'Playing Now'
Department badge (e.g. AE, ECE)	Short code for the player's IISc department
ELO 1200	Overall ELO rating — higher is better. Gold = ≥ 1400
100% WIN	Win percentage across all confirmed matches
W W L W W form dots	Last 5 match results. Green = Win, Red = Loss
■ Log Match	Quick-log a match against this player
♥ Follow	Follow/unfollow — their matches appear in your feed filter
+ Buddy	Send a buddy request — accepted buddies get extra features

Recommended Matches (when logged in)

At the top of the directory, the app shows up to 4 players who are: (a) currently set to 'Looking to Play' and (b) within ± 150 ELO of your own rating. These are your best matchmaking suggestions for a competitive game right now.

● Rankings Tab

Sub-tab	Description
ELO Rankings	Overall global leaderboard. Filter by format: Global · MS · WS · MD · WD · XD. Biggest Upsets and Hottest Win Streaks
Ironman Endurance	Ranks players by total matches played — rewards consistency over pure ELO.

NOTE: Tap Export CSV on the Rankings page to download the full leaderboard as a spreadsheet.

Every member has a dedicated profile page at **/player/[id]**. Tap any player's name or card anywhere in the app to reach their profile. You can also tap your avatar in the top-right corner to open your own profile.

Profile Header

The top section of every profile is a cinematic hero card with:

 Avatar Full photo (or large initials if no photo is set)	 Club Rank Trophy badge showing current ELO rank	 Name First name above, LAST NAME in large bold type
 Department IISc department code — e.g. ECE, ICW, IISc	 Level Beginner / Intermediate / Advanced / Pro	 Hand Right-handed or Left-handed

Action Buttons (below the hero)

Button	Who sees it	What it does
FOLLOW	Any logged-in user	Follow/unfollow — controls feed filter visibility
ADD BUDDY	Any logged-in user	Sends a buddy request (must be accepted)
CHALLENGE	Any logged-in user	Opens Challenge Modal to schedule a match
COMPARE	Any logged-in user (viewing others)	Opens H2H comparison between you and this player
WRAPPED ■	Any logged-in user	Generates a 'Year in Review' shareable card
■ Export	Any logged-in user	Downloads a PDF stats report for this player
Share	Everyone	Opens system share sheet for the profile URL
Edit Profile	Profile owner only	Navigates to profile setup / edit flow
■ Settings	Profile owner only	Sign out, clear data, or delete account
Role selector	Admins only	Change player role (Player/Umpire/Admin)
■ Delete	Admins only	Admin hard-delete of this player account

Profile Tabs

 OVERVIEW Player attributes, badges, equipment, career hi...	 RANKING ELO progression chart, tier info, category-spli...
 STATS Win/loss breakdown by format, streaks, upset co...	 MATCHES Full match history, pending matches, confirm/re...

OVERVIEW Tab — All Sections

Section	Description
Player Attributes	Playing Style · Signature Shot · Dominant Hand · Badminton Idol

Activity Heatmap	Calendar heatmap showing how often the player has been active each month
Badges	Earned achievement badges — Centurion, Veteran, On Fire, Giant Slayer, etc.
ELO Progress bar	Visual bar showing distance from current tier to next tier
Equipment Arsenal	3D-style bag graphic + racket list + shoes + apparel
Career Highlights	Tournament titles, runner-up finishes, year-by-year achievements
Doubles Synergy	Best doubles partners with synergy score and win rate together
Head-to-Head widget	Your personal H2H record vs this player (only visible when logged in)

INFO: ELO Tiers run from Bronze (below 1100) → Silver → Gold (1400+) → Platinum → Diamond → Legendary. The progress bar on the profile shows exactly how many ELO points you need to reach the next tier.

Head-to-Head Comparison

The Compare page (</compare/player1/player2>) lets you put any two players side by side. Reach it by tapping the **COMPARE** button on a player's profile or from the H2H tab in the Players directory.

Head-to-Head Rivalry Page

- W** Win count cards — green for P1, blue for P2, trophy icon for total encounters
- T** Tale of the Tape — side-by-side: Department, Style, Hand, Height, Year Joined
- F** Format Breakdown — separate rows for Singles / Doubles / Mixed with bar chart
- E** ELO Trend Chart — line graph of both players' ELO over their shared matchup history
- R** Recent Encounters — last 5 head-to-head match cards with full scores

Changing Players

Use the **dropdown menus** below each player's avatar to swap either player. The page updates instantly — no page reload needed.

Format Breakdown

The format card shows separate win-loss records for:

MS

Men's Singles

1v1 singles matches between these two

WS

Women's Singles

WS matches

MD

Men's Doubles

Doubles partnerships where both were on opposin.

WD

Women's Doubles

WD matches

XD

Mixed Doubles

Mixed doubles encounters

Logging match results is the core action in the app. Tap the **green + button** in the bottom navigation bar from anywhere to open the Log Match modal.

● How to Log a Match

#	Action	Detail
1	Tap the green  button	Opens the Log Match modal overlay
2	Select your opponent	Search by name — type to filter the player list
3	Choose a format	Men's Singles / Women's Singles / Mixed Doubles / etc.
4	Set Match Type	Friendly (casual) or Tournament (counts for ELO)
5	Enter the score	Input each set score, e.g. 21–15, 19–21, 21–18
6	Select the winner	Confirm who won (yourself or your opponent)
7	Choose a date	Defaults to today — change if logging a past match
8	Submit	Sends a confirmation request to your opponent

● Match Confirmation Flow

After you submit, the match is in **Pending** status. Your opponent sees a notification and a card in their **My Matches** tab and on their player directory card.

Action	Result
Opponent confirms	Match is added to the feed. ELO updates for both players.
Opponent rejects	Match is discarded. No ELO change. You are notified.
No response	Match remains pending. You can resend the request or withdraw it.
Admin override	Admins can confirm or reject any pending match from the admin panel.

TIP: For Doubles matches, all three participants (you + both partners/opponents) must accept before the match is confirmed and ELO is applied.

● Offline Match Logging

If you're on the court with poor Wi-Fi, the app queues your match in local storage. As soon as your device reconnects, it automatically submits the queued matches and sends confirmation requests. A toast notification confirms each successful sync.

IISc Shuttlers uses an **ELO rating system** to rank players. ELO updates automatically after every confirmed match. Separate ELO scores are tracked for each format.

● ELO Tiers

Tier	ELO Range	Color
Bronze	Below 1100	Copper/Brown
Silver	1100 – 1249	Silver Grey
Gold	1250 – 1399	Amber Gold
Platinum	1400 – 1549	Cyan/Teal
Diamond	1550 – 1699	Blue Diamond
Legendary	1700+	Purple / Rainbow

● Category ELO

In addition to the **Overall ELO** (used for the global leaderboard), each player also has separate ratings for:

Singles ELO

Based only on Men's Singles / Women's Singles m...

Doubles ELO

Based only on Men's Doubles / Women's Doubles m...

Mixed ELO

Based only on Mixed Doubles matches

Overall ELO

Weighted average across all formats you've played

● Ironman Endurance Ranking

A secondary leaderboard that ranks players purely by **number of matches played**. Rewards consistency and participation regardless of wins or losses. Updated in real-time alongside ELO.

The Network tab (available when logged in) is your social layer — manage your buddy list, see who you follow, your followers, and handle pending requests.

● Buddies vs Following

Feature	Buddies	Following
How to connect	Mutual — both players must accept	One-way — no approval needed
Feed filter	✓ 'Buddies' feed filter shows their matches	✓ 'Following' feed filter
Quick log match	✓ Prominent button on their card	✗ Must go to their profile
Activity status	✓ Shows 'Looking to Play', 'Playing Now'	✗ Not shown
Buddy requests	✓ Shown in Network → Pending section	✗ Not shown

● Buddy Status Indicators on Cards

Looking to Play

Green pulsing dot — player wants a game right now

Playing Now

Solid green — currently in a match

Injured

Amber dot — not available, taking recovery time

Resting

Grey dot — taking a break from playing

● Managing Requests

Under **Pending Requests** you'll see two sections:

- **Received** — requests others sent to you. Tap **Accept** or **Decline**.
- **Sent** — your outgoing requests. Tap **Cancel** to withdraw one.

The Gallery page collects photos and videos from all IISc Shuttlers tournaments and events. Reach it via **Menu** → **Gallery**.

Three Views

Albums

Browse photos grouped by tournament or event

All Photos

Full masonry grid of every photo across all tournaments

All Videos

Grid of all YouTube match highlight videos with thumbnails

Lightbox (Full-Screen Photo Viewer)

Tap any photo to open it full-screen:

Control	How to use
← / → arrows	Navigate to previous/next photo in the album
Keyboard arrows	Left/Right arrow keys on desktop
Swipe	Swipe left/right on touch devices
Esc key / × button	Close the lightbox and return to gallery
Position counter	Shows 'Photo 3 / 24' at the top
Player tags	Chips at the bottom link to tagged players' profiles
+ Tag Players	Logged-in users can tag club members in any photo

NOTE: Album filter buttons (BPL 2024, IISM 2025, Spectrum 2026, etc.) let you jump directly to photos from a specific tournament. The count badge on each button shows total photos.

The Hall of Fame (**Menu** → **Hall of Fame**) honours every tournament champion and category winner in IISc Shuttlers history. With 5 archived events and 19 title categories, it is a permanent record of the club's competitive legacy.

Hall of Fame Page

- 5 Archived Events — each tournament preserved with results
- 19 Title Categories — MS, WS, MD, WD, XD, Veterans, and more
- Winners Wall — photos and names of all champions by year
- Stats overview — total titles per player highlighted

Scroll down to see the full winners wall, organised by tournament edition. Clicking a player's name navigates to their profile page.

Access all tournament information from **Menu** → **Events** or the **Explore Events** button on the Home page. Each event has its own dedicated page with five tabs.

● Tournament Info Cards (top of each event)

 Dates Start and end dates of the tournament	 Venue Court location (IISc Gymkhana or other)
 Categories Which formats are being played (MS, WS, MD, WD,...)	 Eligibility Who can register — open, IISc students only, etc.

● Registration Status Banner

Status	What it shows
Open	Green banner — 'Register Now' button is active
Closing Soon	Amber banner — countdown to registration deadline
Closed	Red banner — 'Registration Closed', button is disabled

● Event Tabs

Tab	Content
Info & Notices	Official PDFs/notices uploaded by admins. Download links available.
Match Schedule	Full draw and schedule of all matches across all categories.
Live Broadcast	Real-time scoreboard for matches currently being umpired.
Brackets	Visual tournament bracket. Filter by format. Click a player name to highlight their path through the draw.
Umpire	Score-entry interface. Visible to Umpires and Admins only.

Access this page via **Menu** → **About**. It contains three tabs:

Tab	Content
Contact & FAQ	Email address (iiscbadmintonclub@gmail.com), phone, and answers to common questions about the platform and club.
Facilities	Details about the 3 indoor courts at IISc Gymkhana — synthetic mat flooring, professional lighting, and tournament hosting.
Glossary	Definitions of badminton terms (ELO, Deuce, Let, Net Cord) and platform-specific terms (Buddy, Ironman, Wrapped, etc.).

IISc Shuttlers sends push notifications to keep you updated on important events. Allow notifications when prompted to receive them on your device.

● Types of Notifications

Notification Type	Trigger
Match Logged	Opponent logged a match against you — confirm or reject
Match Confirmed	Your logged match was accepted — ELO has updated
Match Rejected	Your match was rejected by your opponent
Kudos	Someone liked (kudos'd) one of your match results
Challenge Received	Another player has challenged you to a match
Challenge Expiry	A challenge you sent is about to expire
Buddy Request	Someone sent you a buddy request
Announcement	Club admin posted an official announcement
ELO Milestone	You reached a new ELO tier (Gold, Platinum, etc.)

TIP: Tapping a notification deep-links you directly to the relevant page — e.g. tapping a Match Logged notification opens your My Matches tab.

Certain users have elevated roles: **Umpire** can enter live scores; **Admin** can manage all player data and matches; **Master Admin** can assign other admins.

● Umpire Mode (Feed → Umpire tab)

Feature	Description
Format Selector	Choose MS / WS / MD / WD / XD to load the relevant match list
Match Selector	Pick the match to umpire from the dropdown
Score Buttons	Large buttons for each side — tap to increment score
Minus Button	Below each score — tap to correct a mistaken point
Service Indicator	Highlight which player/side is currently serving
Set Tabs	Switch between Set 1, 2, 3 (up to 5 sets supported)
Undo History	Undo button reverses the last point. Shows count of undoable actions.
Break Timer	Preset: 30 s / 1 min / 2 min. Turns red under 10 seconds.
Push to Live	Uploads current score to Firebase — visible in Live Broadcasts
Match Status	Set to Live / Completed / Scheduled
Winner Selector	Required when setting status to Completed

● Admin Panel (/admin)

Accessible only to Admin and Master Admin roles. Includes:

Match Disputes

Review and resolve contested match results.

ELO Audit

View the full ELO change log for any player.

Match History

Browse and delete any match in the system.

Player Mgmt

Approve, edit, or delete player accounts.

Recycle Bin

Restore recently deleted matches or players.

Undo History

Undo admin actions within a time window.

IISc Shuttlers is available as a native app on Android and iOS, built with Capacitor. The native app offers push notifications, offline match logging, and a faster experience than the browser version.

● Android

Download the APK directly from the website (Home page → Download for Android) or install from the Play Store link. The app receives automatic update notifications when a new version is available — tap Download Update to install.

● iOS

Install the Progressive Web App (PWA) via Safari: visit the website, tap the Share icon, then select **Add to Home Screen**. The app icon will appear on your home screen and behaves like a native app.

● App vs Browser — Feature Comparison

Feature	App (Android/iOS)	Browser (PWA)
Push Notifications	✓ Native push via FCM	✓ Web push (when tab is open)
Offline Match Logging	✓ Full offline queue	✓ localStorage queue
Live Score Updates	✓ Real-time	✓ Real-time
Dark Mode	✓ System-synced	✓ Toggle in settings
Install to Home Screen	✓ Automatic	✓ PWA install prompt
Sound Effects	✓ Smash / Point / Whistle Sounds	✓ Sounds
Camera (photo upload)	✓ Native camera	✓ File picker

● Sound Effects

The native app plays contextual sounds when you receive notifications:

Smash Sound
 Triggered by a new match logged against

Point Sound
 Match confirmation received

Serve Sound
 Match request or ping from another player

Whistle Sound
 Club announcement or general alert

Victory Sound
 ELO milestone, top-10 entry, or buddy request a...

NOTE: Enable notifications on first launch — the app will prompt you automatically. If you accidentally dismissed it, go to your device Settings → Apps → IISc Shuttlers → Notifications.

Quick Reference — Icons & Symbols

Symbol / Icon	Meaning
■ (lightning)	Activity Feed tab
■ (people)	Players Directory
■ (trophy)	Rankings or tournament
■ (swords)	Head-to-Head comparison or Challenge
♥ (heart)	Follow player
+ Buddy	Send buddy request
● Green dot	Player is Looking to Play right now
● Amber dot	Player is injured / resting
ELO +20	ELO gained by winner after match
ELO -20	ELO lost by loser after match
UPSET ■	Winner was 150+ ELO below the loser
W W L W	Recent form — last 4 match results
■ WRAPPED	Year-in-Review card generator
■ Export PDF	Download player stats as PDF
■ Bell	Notifications history panel
■ Settings	Account settings / sign out
■ Trash	Admin-only delete action
◆ Diamond tier	ELO 1550 – 1699
■ Legendary	ELO 1700+
